PARTY HARD!

THEMES

Cool Critters (5 years and Older)

Snakes, and dragons, and bugs, oh my. Let's investigate things that slither, hiss, and hop. During this adventure of show and tell, you will join a Naturalist to learn what makes each animal special and important.

Where the Wild Things Live (5 years and Older)

There are many ecosystems in Lord Stirling Park, including, pond, field, and forest. Let's explore these by looking under logs, finding what's below the surface of a pond, looking up at the trees in our forest or following the tracks of the animals that call the swamp home. Choose an ecosystem for your party, and we will have activities based on that environment.

Other nature-related themes available upon request.
